Dear Ms. Henney:

I am sending this letter to let you know that I am in favor of the FDA promptly approving claims filed for the following:

- Saw palmetto and the symptoms of benign prostatic hyperplasia
- Psyllium husk seeds and the risk of heart disease
- Folic Acid, Vitamin B6 and vitamin B12 and cardiovascular disease
- Vitamin E and the risk of cardiovascular disease

I believe people have a right to know about this information and the FDA should regulate in the public interest.

Thank you for your time and cooperation in this matter.

Sincerely,

Loretta Ziegler
